

Donation of Medical Supplies and Medical Equipment to the Integrated Health Center in Pinyin, Cameroon - Africa

Entrance sign of the Hospital in Pinyin, Cameroon

HCP tasks are numerous and wide with respect to our involvement in Healthcare. HCP helps, not only hospitals in cities of Haiti but, many other cities in the third world countries. Hence, hospitals in Cameroon Africa have similar problems as those in Haiti; HCP, in partnership with Mission Relief, provided medical supplies and equipment to Pinyin hospital. Pinyin, a small town in Cameroon, suffered from lack of access to adequate health care. People from the town must travel hours and days for medical care. Mr. Benson Muluh, owner of “Farmer International Grocery” located in West Philadelphia, along with the Pinyin Development Organization (PDO) under the direction of Silva Munuza (President) and Dr. Jimmy Mopecha (Vice-President) paid the transportation fee for the container from Delaware to Duala Cameroon. This example shows that collaboration is the key to success.

Two buildings inside the hospital Pinyin in Cameroon Africa

HCP members attended the PDO USA 2013 Annual Convention that took place in New Jersey as special guests. HCP was officially recognized for their assistance to the PDO community in Africa.

HCP members being introduced to the Cameroonian cuisine by Benson Muluh and Mrs. Mopecha

PDO Members of the Cameroonian Organization knew exactly where to go first to serve themselves

Cameroonian dancers performing one of their traditional dances

HCP Members, Carole Metellus, Dr. Michel François, Dr. Beatrice Rolland, Mrs and Dr. Jimmy Mopecha enjoying a good moment at the PDO USA Convention

It was a way to thank HCP for helping their City. It was an unforgettable night where the Pinyin community presented some aspects of their culture, traditional dances, and cultural fashion parade.

HCP members with Mr. Silva Munuza, President of PDO USA, discussing future collaborations

Dr. François informing the Cameroonians that Haiti to him is a small piece of Africa transported in America; we then must work together.
